

3M™ Scotchcast™ Plus Casting Tape

A cast for everyday life

“...proven in the treatment of millions of patients...”

3M Health Care

innovation in action

3M™ Scotchcast™ Plus Casting Tape

A cast for everyday life

For the professional user 3M Scotchcast Plus casting tape combines the benefits of synthetic tape with the handling ease of plaster.

Over the years, it has been used in the treatment of millions of patients because it is proven to be safe, clean and fast to apply.

Better for your patient

Your patients will appreciate your choice in using Scotchcast Plus casting tape, which provides them with the benefit of increased comfort, ease of mobility and a wide choice of colours.

The right choice everytime

Simple Application

- water activated resin gives you control of the setting time and permits quick and easy cast application, thereby minimising patient discomfort and optimising the use of your time.

Excellent handling characteristics

- the combination of the knitted fibreglass construction and the patented slippery resin ensures superb conformability, moulding and lamination.

Lightweight and comfortable

- weight bearing in 30 minutes. Compared to plaster, 3M Scotchcast Plus casts are lighter, increasing patient mobility.

Durable

- 3M Scotchcast Plus casts are strong, water resistant and hard-wearing.

Full range

- A full range of accessory items, including synthetic padding, stockinette, longuettes and walking shoes are available.

Quick and easy to apply

Lightweight and comfortable for patient in everyday life

Life is in colour! Choose a colour!

3M™ Scotchcast™ Plus Casting Tape is available in a wide range of colours including white.
